# D<sub>2</sub>O Recovery Program

For Used and Unused D<sub>2</sub>O

Deuterium oxide (D<sub>2</sub>O)

**Cambridge Isotope Laboratories, Inc. (CIL) and Eurisotop are dedicated to helping our customers improve efficiencies and maximize resources, and our D<sub>2</sub>O Recovery Program is designed to do just that. We have the unique ability to re-enrich D<sub>2</sub>O, which allows us to recycle used or unused D<sub>2</sub>O.**

*We've recently improved the return process!* Return your D<sub>2</sub>O and avoid disposal fees. You will also receive a credit\* to be used toward a future purchase.

#### Benefits of participation in the program include:

- Avoidance of disposal fees
- Credit to your Eurisotop account

\*There is a 50% minimum enrichment requirement to take part in the D<sub>2</sub>O Recovery Program.

\*\*Rate is subject to change without notice.

If you currently have D<sub>2</sub>O you would like to return for a potential credit\*, please complete and submit our D<sub>2</sub>O Recovery Program form or contact your customer service representative at +49 (0) 681 99 63 338 (Germany, Austria & Switzerland) or +33 (0)1 69 41 97 98 (France & international).

[Click here for EURISOTOP's D<sub>2</sub>O Recovery Program form](#)

\*Subject to review. Please be advised there is a 10 kg minimum for the program. A 25 g sample (from each container) must be sent to Eurisotop for testing prior to return of the entire batch. The return batch must include the contact name, organization, accounting contact person, and the purchase order or account number to be credited. Please do not return any material without prior approval from Eurisotop. After receipt of this form, Eurisotop will contact you for additional discussion.
